

*Jervois Rd Wine bar & Kitchen concept is simple :
it is a relaxed local place for epicureans to drop in and enjoy sharing
plates with delicious wines, beers and tea-based cocktails.*

*We are passionate about hospitality and excited about food and beverages
from here and there and believe in offering fresh, quality and healthy food.
Our chef is inspired by modern european cuisine and committed to
supporting local suppliers.*

*We choose drinks that we want to drink : we do focus on local and
international artisans of beers and wines that most sympathetically reflect
the place from which they originate and the personality of their creator.
The vast majority of our wines are organic or biodynamic,
and several have little to no additions during winemaking.*

*We also want to give you the opportunity to taste the unexpected and be
transported to a faraway place with just a sip : with Coravin, we are
offering the luxury to taste some very special wines with 75ml and 150ml
glass pours.*

*Above all, we are celebrating difference, diversity, and exploration.
Our list is using style categories to represent the wide world of wine and
spirits available to us beyond the well-known varieties and famous brands.*
